---

## Projects

**Title:** AI Mock Interview App

[ai-mock-interview-ten.vercel.app](https://ai-mock-interview-ten.vercel.app)

**Tech Stack:** React, Nextjs, Tailwind CSS, Drizzle ORM, Gemini AI, Clerk Auth, Aceternity UI, Shadcn UI, Framer Motion, React Hot Toast, React Webcam, React Hook Speech to Text, Vercel, Github

**Description:** An innovative platform for job seekers to practise interviews. Users create personalised mock interviews by specifying job details, and the app generates tailored questions. It uses speech-to-text technology to record answers, provide feedback, and rate performance. Completed interviews are stored in a dashboard for review and retakes, facilitating continuous improvement. The app features a user-friendly interface.

**Title:** Portfolio

<https://portfolio-snehalbargaie.vercel.app/>

**Tech Stack:** Vite+React, TailwindCSS, Vercel, GitHub.

**Description:** This portfolio website is a React application built using Vite for a fast development experience. It showcases my skills and experience as a web developer.
